## Captains of School

We are delighted to announce our new Captains of School for this academic year are Kayleigh, Isaac and Rihaan. Candidates wrote a letter of application, attended an interview and made a presentation which was filmed. Feedback was collected from staff and children across the school.

Congratulations to all of the candidates. They were a real credit to the school.

## Pause for Thought

### Riding a Bike in Year 7

Children never cease to amaze me. I was so impressed once again with the children in Years 7 and 8 who spoke at our presentation evening for parents yesterday. Kayleigh, Evie, Archie and Harry all spoke with incredible clarity and insight to a group of parents, responding directly to their questions. No mean feat for even the most accomplished public speaker. One particular response caught my attention and it summed up beautifully how we support academic and pastoral development at Yateley Manor. ### Year 2 Fire of London

Children in Year 2 have been studying the Great Fire of London in class. They made models of houses and then spent some time in the Woodland Learning Area watching how the fire spread. Hands-on learning at its very best!

## A Taste of Things to Come

Last week, children in Year 6 were treated to a snapshot of what life is like at Yateley Manor in Years 7 and 8. They joined children currently in the senior years and took part in various lessons including:

**French cookery** - Children had to follow a French recipe and asking for ingredients in French to make Croque Monsieur.

**Science** - Testing out their scientific skills to extract DNA from a strawberry and make DNA origami.

**History** - Putting on their detective hats to investigate the causes of cholera; using John Snow's real life data about the epidemic in Soho, London, children were tasked to plot the data on historical maps and use evidence to explain why Elizabeth Abelson died.

**Computing** - Creating a coding programme to link up to a temperature probe and learning how to make burgers from scratch, using their temperature probes to check they were fully cooked.

**Maths** - Working collaboratively to solve some mysteries including: The Underground Blackout Theft, The Mystery of Cinema Suspects, The Contaminated Chocolate and Robbery at the Valentine's Day Disco.

The children in Year 6 had a wonderful day finding out how engaging and inspiring the curriculum in Years 7 and 8 is.

## What Our Senior Pupils Say

What is it like to be a pupil in Years 7 and 8? We asked our children and here are some of their responses:

"You are given more responsibility and it feels more of a community"

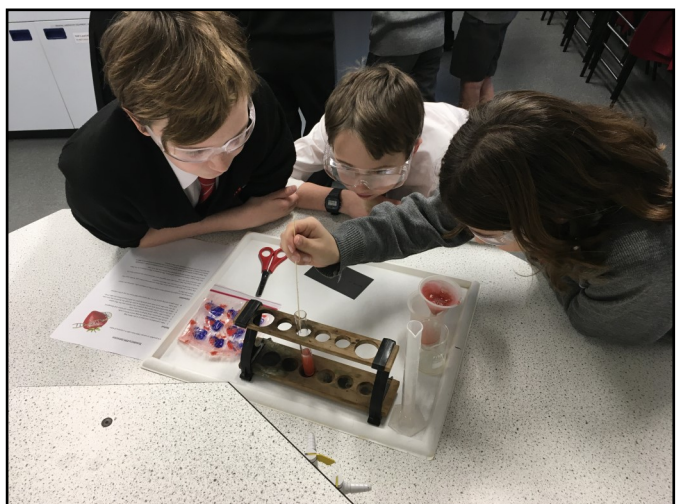

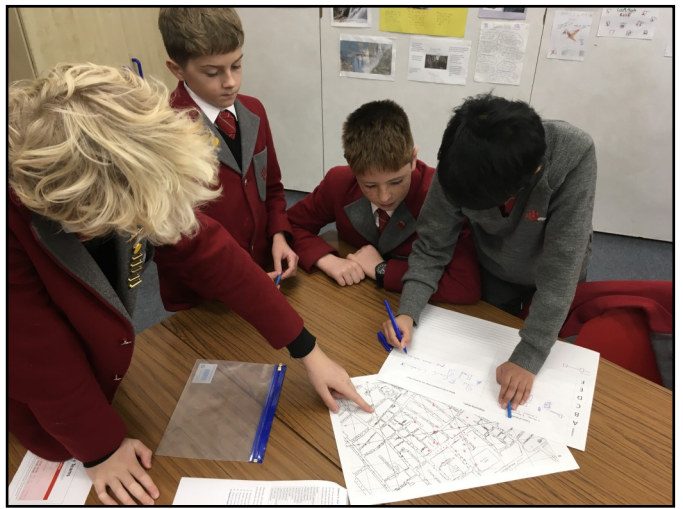

"You get more freedom and get treated more as an adult"

"Year 7 is an encouraging environment and a place to be with more challenges to push yourself out of your comfort zone"

"I made friends with others in the year group who I almost didn't know existed."

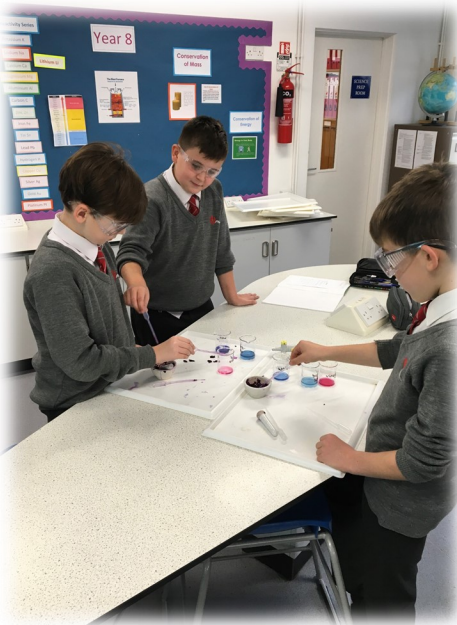

## Would you like to know more about our Year 7 and 8 Programme?

Please contact Claire Thompson ([cthompson@yateleymanor.com](mailto:cthompson@yateleymanor.com)) for an informal chat about the incredible opportunities available.
